OVERVIEW

While its caramel scent takes you back to a 1950s funfair, its sparkling raspberry pink hue adds a retro touch to your cheeks! The mousse texture of this rebellious blush is based on a naturally sourced elastomer gel combined with powders. Carnuba wax and sumac wax work together to strike the perfect balance between consistency and meltability, while emollients add slip. With its matte, powdery finish, CANDY TWIST is easy to apply and offers buildable coverage, making it ideal for creating a subtle pin-up !
