## OVERVIEW

This 3-in-1 makeup product offers a light, fluid texture suitable for application to the lips, eyes and cheeks. A must-have for colorful touch-ups with a matte, iridescent, and luminous finish, it offers adjustable color intensity. The product melts into the skin, leaving a “bare skin” sensation without any heavy feel. Thanks to a combination of emollients and film-forming agents, this formula is easy to apply, long-lasting, and has a natural finish. Its pearly pink color illuminates the face with an instant healthy glow.
