67,1% of natural origin ingredients

ISO 16128

BODY

GP2026SEPAWA

OVERVIEW

This crystal-clear sun spray delivers a lightweight, transparent texture that spreads effortlessly onto the skin. Its anhydrous system provides excellent sprayability and a silky sensory profile, making daily sun protection pleasant and easy to apply. The UV protection system is built around Neo Heliopan® 357, Neo Heliopan® OS/BP, Neo Heliopan® 303, and Neo Heliopan® HMS, providing balanced broad-spectrum protection within a clear formulation. The formula is further enhanced with Citropol® DE-4, which contributes to the elegant sensory profile of the spray. Harmonie™ NatuDerma Emollient, Harmonie™ Soft Fluid, and Saboderm CVC MB are a combination of carefully selected emollients that creates a dry-touch feel while maintaining smooth and homogeneous coverage. The result is a transparent sun care spray with an estimated SPF 20, combining effective UV protection with a fast-spreading texture and a comfortable after-feel.

Phase	Trade Name	Supplier	European I.N.C.I. Name	Function	%
A	Neo Heliopan® 357	SYMRISE*	Butyl Methoxydibenzoylmethane	UVA Filter	3,00
	Neo Heliopan® OS/BP		Ethylhexyl Salicylate	UVB Filter	5,00
	Neo Heliopan® 303		Octocrylene		10,00
	Neo Heliopan® HMS		Homosalate		10,00
